

2024 RAA Scholarship Recipient

**Maddie Glassett
Tarrant County College/University of Texas
Forth Worth, Texas**

Maddie is in her final semester at Tarrant County College, working toward her A&P license. She also holds a degree in Aerospace Engineering from the University of Texas. Growing up immersed in aviation, Maddie developed a passion for aircraft systems and design, which motivated her to gain both technical and practical experience in the field. Outside of school, she works as a flight instructor and airframe mechanic at Above It All Aviation, where she enjoys both teaching students and maintaining the fleet.

Maddie initiated a discovery flight program for mechanic students at her school, providing them with firsthand flight experience to enhance their understanding of the aircraft they work on. Recently, she was part of Team TCC at the Aerospace Maintenance Competition, where her team won 1st place in the school category. Maddie's commitment to merging engineering, flying, and maintenance allows her to understand the full spectrum of aviation operations and contribute to safer, more efficient practices. She looks forward to continuing her hands-on work in the aviation industry and advancing her career with a focus on holistic knowledge and lifelong learning.
